

Diesel Technicians

(Positions available in Devonport and Launceston)

Webster Trucks operates as the authorized dealer for Isuzu, Mack, UD, and Volvo Trucks and provides statewide service, repair and parts support for the Tasmanian trucking community.

To support our business arms in northern and north west Tasmania, we are looking to recruit for an immediate start, qualified and experienced **Heavy Vehicle Technicians**, or **qualified automotive technicians** with an interest in, and an ability with appropriate training to service and repair heavy vehicles. This is a great opportunity to join Tasmania's leading truck service provider and to pursue a career in the industry. We offer a great hourly rate, fantastic training opportunities, and an excellent work environment.

Successful candidates will have a proven commitment to quality and excellence in customer service, and importantly they will have the ability to work well in a team environment, and operate in a safe and reliable manner. Applicants must also be able to work unsupervised while maintaining a high standard of performance and output; and to follow a job through from initial diagnosis to repair and completion.

For a confidential discussion please contact the relevant Manager:

Phil Morris 0419 562 820 (Launceston) or
Craig Ferrall 0409 185 991 (Devonport)

Applications are invited to be submitted to careers@motors.com.au indicating which location you are applying for, or by expression of interest to the relevant Manager above.
